# LICENSES FOR AUTO CARRIERS

Following a hearing held here by the public service commission some weeks ago, when a number of applications for certificates of public convenience were made, for auto passenger and freighting, the commission issued an order covering the list of applicants.

In the case of E. E. Messenger the application was denied. P. J. Wolf was denied. E. A. Brown, who asked for trucking privileges was denied a certificate. H. A. Montrose was granted a truck certificate. The application of Joseph Cook was denied as was the application of K. O. Berg. George T. Hislop was granted a certificate and William Donnell denied. The application of the Desert Forwarding company was denied on the grounds that the application was filed under a fictitious name. Haywood & Bottomly were granted a certificate to operate between Tonopah and Arrowhead.

In the case of Dan Murman the application was denied the commission hearing that he was not considered a safe and careful driver, having been in a box on the streets of Tonopah with an automobile.

In such case where certificates were granted the order requires an indemnity bond in the sum of \$500 to be filed.

# SANDSTORM OF TONOPAH HIGH

"The Sandstorm" logical successor to the erstwhile Prospector published by Tonopah high school students, appeared yesterday as the product of the class in English literature which has been under the tutelage of Miss Ruth Murray. The publication is issued by the commercial class from the mimeograph and contains some rather interesting features and sparkling thoughts from the young writers representing the four grades of the high school. The names of the staff members are given as follows: Editor-in-Chief, Chris Sheerin; joke editor, Freda (Dutch) athletic editor, Proctor; time society editor, Nellie Sloan; news editor, Louis Baum; senior class reporter, Grayson Schmidt; junior George Fee; sophomore, Lloyd Swavesy; freshman, Stella Thacker; staff adviser, Miss Ruth Murray; business manager, Robert Caldwell. The subscription price is 25c per copy and the fund of original humor is well worth it.

# TANGLED CREDIT CASE SETTLED

The supreme court at Carson City handed down a decision today, which unanimously affirms the decision of Judge Averill in the local court in the case of Pat Mooney vs. Desert Produce company, and S. H. Newton. The suit arose out of an attachment and garnishment issued by the Nye county district court in another case wherein the Desert Produce company was plaintiff and S. H. Newton was defendant, and in which the Desert Produce company recovered judgment for over \$5,000 against Craig. In that case Pat Mooney was garnished as a debtor of Craig and when it was sought to enforce payment, Newton asserted he had an assignment of the moneys due from Mooney to Craig and that his assignment was ahead of the garnishment. Mooney, alleging he did not know to whom to make payment, commenced the suit against Newton and the Desert Produce company, to compel them to adjust their claims in court and they set up their claims and Judge Averill decided in favor of the Desert Produce company and against Newton. Newton then appealed to the supreme court with the result as above stated. O. H. Mack, of Reno, was the attorney for Newton. Frank Dunn of Tonopah represented Mooney and H. R. Cooke appeared for the Desert Produce company.

# BORROWS AN ENGINE TO BUY YEAST

(Correspondence Associated Press) BERLIN, Feb. 13.—An instance of the laxity with which the Prussian state railways are now administered the Tageblatt cites the case of a Bremen engineer who took an idle engine and rode to a point nearby to buy yeast for his wife and to visit his aunt. Then he returned the engine to the Bremen round-house.

# THRILLING PRIZE FIGHT PICTURE TONIGHT.

The exponents of the strenuous life and admirers of the man who succeeds against almost overwhelming odds will appreciate the screen version of Larry Evans' red-blooded and fighting story, "Once to Every Man," which will be shown at the Butler tonight. This production vividly portrays the story of the almost brutal opposition of the residents of a small town to a boy whose parents established a bad reputation for drinking. The lad struggles to fight off the inherited craving and all but falls a victim to the temptations of his tormentors. A big, burly brute of a lumber jack who, without provocation, unmercifully beats the boy. Even the lad's sweet heart loses faith in him and he is borne to the big city there to fight his battles alone and struggles through many vicissitudes. He finally overcomes tremendous opposition and mounts the ladder of success.

The story embraces all the details of the entrancing yet lightweight champion, and motion picture critics pronounce the fight encounters in this production the most realistic and terrific ever shown in a photoplay. There is no doubt whatever, but what this is the best story of the champion of the "squared circle" that has ever been produced upon the screen. Added to the feature will be a Ford Weekly and a Mutt and Jeff comedy. Tomorrow, Mary Miles Minter, one of the sweetest girls in motion pictures, in a story in keeping with her star entitled "Anne of Green Gables," a delightful story, and a charming star.

(Correspondence Associated Press) EDINBURGH, March 2.—Scotland's new local option law will come into effect on June 1, and the prohibitionists are projecting a lively campaign throughout the country to persuade the people to vote their districts "dry" at the next election. The prohibitionists express the hope that if Scotland can be made dry under this law England and Wales may demand similar legislation.
